About

I am a photographer located close to Bristol, Cheltenham, Swindon, Bath, Gloucester, South Wales, Wiltshire and the Cotswolds.

I do portraiture, corporate events, studio work, architecture and interiors, PR and editorial shoots for a range of commercial and personal clients - all at a fair and affordable price.

How can I help you? - Maybe some quality portraits of your staff, distinctive feature pics for your magazine, maybe you have an event which needs covering, natural portraits of your children, product or food photography, maybe you need some sparkling pics for a new company brochure or website?

I use a Canon 21.1 megapixel camera. This means that as well as the image quality being superb, the print size can be as large as you want too - up to billboard size if needed.

Also, a very popular tool which I use is a high definition laptop, which means that clients can see images immediately and be reassured that the shoot is going as planned.

In this document, you will be able to preview some of the recent projects that I have been working on, as well as find out more about the people I have worked for and what they say about me.
